5CCT LED Flush Mount Fixture Series

- 5CCT Selectable light color by dip switch
- Dimmable with compatible dimmer
- High efficiency acrylic diffuser
- Die formed cold rolled steel
- Available in Bronze, Brush Nickel, Black
- Damp location rated
- SGS Certified

Amax Lighting, Inc. is an importer and a distributor of lighting fixtures and bulbs. We provide the industry with a broad line of products for commercial, industrial, institutional and residential applications. As a reputable lighting distributor, we manufacture our fixtures with the highest quality components. Most importantly, they are rigorously tested for safety and efficiency. Our lighting products are known for their quality reliability and solid performance over all. All our fixtures are SGS, UL or ETL listed. Our large distribution center is located in the county of Los Angeles, California, in the city of Santa Fe Springs. This location provides us the ability to receive stock and ship our products to different locations throughout the United States in a timely manner.

Our products are manufactured for NEC installation and CSA standards

Amax Lighting, Inc.   Santa Fe Springs. CA

LED-RT5DL Rigel Downlight Series

This is the latest version of a downlight with the thinnest design. The decorative ring is only 3/16 inch thin. 120V line voltage version eliminates the need for an external driver and that makes it more efficient, durable and cost effective. Dimmable with compatible dimmer. Wet location rated. Easy to install directly to 3" or 4" J-Box on even flat ceiling.

Available in black and white

Model	Voltage	Wattage	CCT	CRI	Lumens	Dimension	Finish
LED-RT5DL	120	11	3000K	90+	700	4 5/8"X3/16"	WT/BLK

LED Fake Hunter

Amax Fake Hunter Counterfeit Detector is the perfect solution for business and organizations in the constant fight against fake bills, credit cards, passports, and IDs. This unit easily detects fake bills and IDs cards by revealing fluorescent strips, dots, symbols, and other markings that are invisible to the naked eye. This unit comes with a LED detection guide for 5, 10, 20, 50, and 100 dollar bills that will show that markings to look for in authentic bills. When presented with a questionable bills or IDs, simply place bills, IDs on the detection place, check the luminous security thread and/or holographic images on the bills or IDs to prove the authenticity of the bills or IDs. Genuine US bills have a security thread that glows a certain color when held under a fake hunter. Fight counterfeit bills with the Amax Fake Hunter Counterfeit Detector.

Features:
Battery-Powered. Rechargeable lithium battery by Type-C connector
PIR motion sensor turns light on. Auto shut-off after 3 seconds
1 USB port charging on the back
1 USB (5V 2.4A) at front
1 USB charging cable
Plastic enclosure
A convenient pen holder
